**28<sup>th</sup> International Symposium  
of the Scientific Centre for Fertilizers (CIEC)**

## *Fertilization and Nutrient Use Efficiency in Mediterranean Environments*

**Athens (Greece)  
March 16-20, 2020**

Jointly organized by:

Agricultural University of Athens, PLANTERRA Institute, Athens, Greece

Hellenic Fertilizers Association (SPEL), Athens, Greece

Institute for Crop and Soil Science, Julius Kühn-Institut, Braunschweig, Germany

International Scientific Centre of Fertilizers (CIEC), Shenyang, P.R. China

Institute of Applied Ecology (IAE), Chinese Academy of Sciences, Shenyang, P.R. China

## Scope of the conference

The 28<sup>th</sup> CIEC symposium is thematically dedicated to issues of plant nutrition, soil science, fertilizers, and fertilization with special view to Mediterranean environments. The event is hosted by the PLANTERRA Institute for Plant Nutrition and Soil Quality of the Agricultural University of Athens and the Hellenic Fertilizers Association.

CIEC welcomes contributions in the following general **research areas**:

- Fertilizers and fertilization
- Plant nutrition and nutrient use efficiency
- Soil fertility
- Environmental issues in fertilization

with special focus on the subsequent **thematic clusters**:

- Stabilized fertilizers
- Slow release fertilizers
- Nutritive bio-stimulants
- Fertilization for stress alleviation
- New technologies for diagnosis and fertilization
- Sulfur, silicon and beneficial elements
